VERTICAL "PB" SERIES BALERS

PB28A

This machine perfect for fast food outlets, small convenience stores or where ever a baler is required in the minimum of space.

With all the features and advantages of its larger brothers, this machine will save space and money, putting an end to your waste problems.

The newly designed lock system incorporating a handwheel, allows operators to have maximum control over the door and lock, preventing kick back. Fewer mating parts means less wear and maintenance.

Specifications

Bale Size	500 x 500 x 600 H
Bale Weight	45 - 50 kg
Machine Dimensions	608 x 850 x 1962H
Loading Opening	500 x 600H
Machine Weight	350kg
Time Cycle	28 Seconds
Electrical Motor	1.1 kW - 240 Volt
Model Number	PB28A

PB40A

The PB40A is perfect for the small warehouse situation that calls for baling of tougher material.

Higher baling pressures produce good bale density, making it an economical member of your waste stream.

Our door locking system ensures total control when opening the door. This maximises safety and usability for the operator.

Forklift access to the base of the machine makes it easy for staff to move the unit for cleaning and complying with health regulations.

Specifications

Bale Size	1000 x 750 x 1150 H
Bale Weight	130 - 160 kg
Machine Dimensions	1450W x 890D x 2850H
Loading Opening	1000 x 635
Machine Weight	850kg
Time Cycle	27 Seconds
Electrical Motor	3 kW - 415 Volt
Model Number	PB40A

VERTICAL "PB" SERIES BALERS

PB48A & PB60A

The PB48A and PB60A are work horses for your large supermarket or warehouse situatuons that calls for baling higher volumes and larger sized cartons.

The twin side rams make this machine perfect for tight areas where low roof height are a problem.

The Pallet jack access holes suit most standard pallet jacks and allows for easy positioning and moving for cleaning.

Our door locking system ensures total control when opening the door. This maximises safety and useability for the operator.

Specifications

Bale Size	1220 W x 760 x 1015	1520 x 760 x 1015 H
Bale Weight	240 - 250 kg	325 - 375 kg
Machine Dimensions	2195 W x 887 x 2490	2602 x 887 x 2534H
Loading Opening	1220 x 625	1220 x 625
Machine Weight	1450kg	1850kg
Time Cycle	24 Seconds	34 Seconds
Electrical Motor	4 kW - 415 Volt	4 kW - 415 Volt
Model Number	PB48A	PB60A
