SAFETECH SCISSOR LIFT TABLES

Safetech manufacture a wide range of scissor tables with many options and features. Capacities range from light loads of 100 - 200 Kg's, to tables that can lift in excess of eight tonnes. Lift tables can be customised to incorporate a great variety of features.

KEY BENEFITS

- ✓ Custom built solutions for your specific lifting needs
- ✓ High Use applications
- ✓ Models suitable for harsh environments
- ✓ Capacities beyond 25,000kg
- ✓ Goods and personnel lifting features

The standard Safetech table also incorporates the Smartlift, a control and safety feature unique to Safetech that offers productivity, safety and maintenance benefits.

SAFETECH TURNTABLE PALIFT

KEY BENEFITS

- ✓ Increased productivity
- ✓ Injuries reduced
- ✓ Improved workforce morale
- ✓ no power, air or maintenance required

Palift is one of the best ways to save workers backs. It automatically keeps pallet or stillage loads at an optimum working height when loading or unloading goods. It dramatically reduces the effort required to palletise goods. The proven design is incredibly robust and can last more than 15 years of daily use without maintenance.

SAFETECH POWERLIFT TROLLEYS

KEY BENEFITS

- ✓ Silent, push of a button lifting
- ✓ Non Hydraulic, so no mess
- ✓ Light, but robust lifting upto 250kg

Lightweight mobile, powered lifting
No hydraulics, no pumping.

Push button power.

The batteries have a high duty cycle, can be recharged overnight and a single charge can power up to 150 lifts. The absence of hydraulics makes the Powerlift trolley the perfect ergonomic companion for clean room environments. Ideal for applications including libraries, offices, laundry and money handling, medical centres and veterinary clinics.
